

Cornish 2: Transitional Care Unit (TCU)

Welcome to Cornish 2!

Transitional Care provides restorative care, serving clients who require complex social and medical support for a limited period of time before transitioning home with community services or to a personal care home, supportive housing or elsewhere such as Hospice.

Please refer to our Misericordia Health Centre directory for everything you need to know about MHC and our Transitional Care Units.

COVID-19 Update

Given the evolving COVID-19 situation, limited visitors are permitted on-site at this time. Each TCU client is welcome to designate two visitors to individually come visit. Case-by-case exceptions exist for end-of-life care. We appreciate your understanding as we take every measure to protect our clients, residents, staff and each other.

Phone Numbers:

Please feel free to call any of our staff below if you have questions:
