# Ambulatory Care

**Ambulatory Care Clinics | 204-788-8090**

5,346 annual clinic visits

## Cast Clinic

This orthopedic clinic specializes in non-urgent casting. As a unique touch, children who require casting also receive their choice of stuffed animals with casts; our orthopedic technicians use the toys to explain the medical procedures to their young patients.

## Minor Procedures

This clinic provides family practice physicians and surgeons with clinical space to perform minor surgical procedures under local anesthetic such as mole or cyst removal.

## Diabetic Foot, Complex Wound and Infectious Diseases

This clinic provides diagnostic and therapeutic management of complex lower limb diseases and infectious diseases.

## TLC Foot Care

This privately run foot care clinic caters to patients with foot care issues such as calluses or bunions.

**MHC For Lungs | 204-788-8023**

1,185 annual visits

This service is designed for people with lung conditions such as emphysema, chronic bronchitis or chronic asthma. We teach our patients how to live with their disease and how to improve their quality of life, focusing especially on:

- Education – understanding lung disease and available equipment
- Exercise – relaxation techniques, breathing control techniques, and
- Counselling – infection protection, nutrition, pharmacy, and social work.

**Rehabilitation Services | 204-788-8554**

12,405 annual visits

Rehabilitation includes all physiotherapy and occupational therapy at MHC and serves a variety of programs – everything from long-term care to Easy Street, a unique mini-community where our patients can practice activities of daily living like banking, shopping and getting on buses.

“Every person I’ve seen in the health centre has been amazing – supportive, very helpful.”

– Lara McRobbie, MHC patient of ophthalmology, occupational therapy, social work and nutrition services.
