

FAMILY UPDATE

April 11, 2022

COVID-19 update

Out of a total of four positive cases on MP3, two have recovered. We continue to allow designated caregivers to visit MP3 and are hopeful the outbreak will be declared over at the end of next week, which would allow general visitors to resume visits.

Easter gatherings

We have had requests for Easter gatherings of more than a single visitor, but we are trying to be cautious at this time. The visiting pod is available for families wanting to book two visitors at a time—call 204-788-8440 from 8 a.m. to 3:30 p.m. on weekdays.

Blizzard coming

Environment Canada is advising people to prepare for the blizzard predicted to bring up to 50 centimetres of snow and high winds to southern Manitoba beginning Tuesday night. Advice includes stocking up on supplies and medication and planning not to travel. Also be prepared in your home for possible power outages.

At MP, we are diligently making contingency plans to ensure we have enough staff at all times during the blizzard.

Yours sincerely,

Jennifer Taylor, Director, Long-Term Care
