

FAMILY UPDATE

August 31, 2021

Hello everyone,

It's been wonderful to see visitors for our residents over the summer, and we thank you for following all our guidelines and safety procedures. At this time we are not anticipating any changes to visitations rules, which can be found listed in a family update [here](#).

New gazebos!

We are pleased to see the installation of three new gazebos for our residents and visitors to enjoy—two in our courtyard and one on Furby Street. These stylish Martinique brand gazebos are roofed with UV-blocking opaque Coroplast panels to offer shelter from the sun and rain while still letting some light through. Our plan for next summer is to further enhance our outdoor common areas with updated furniture. We know that our outdoor spaces promote wellness for our residents and families, and we will continue to make them functional and beautiful!

Volunteers returning

We are happy to announce we will soon be welcoming volunteers back into Misericordia Place. We want to assure everyone that all volunteers will be screened, and trained in infection prevention and control protocols. They will also not be volunteering at multiple locations.

New window draperies coming

It's time to replace the drapes! Keep your eyes open for a soon-to-be set up display showcasing an option for new drapes for resident rooms and shared areas. We will be welcoming feedback on this sample display from families and residents.

Osteoporosis education

Osteoporosis Canada offers free programs, information sessions and support groups to help people reduce risk and better manage living with this bone-weakening disease. Connect with others, and learn about topics like nutrition, safe exercise, treatments and fall prevention. To register or find out more email manitoba@osteoporosis.ca or call 204-772-3498.

Yours sincerely,
