

FAMILY UPDATE

February 11, 2022

COVID-19 updates

The outbreak on MP3 is now over and we are happy to report there are currently no positive cases of COVID-19 at Misericordia Place!

I'm pleased to also report our 3rd dose booster immunization rate is up to 91 per cent!

Designated caregivers continue to be welcome to visit. No booking is necessary, and the nuns' suite is also now available for those wishing not to visit the units.

Celebrating our Mission

For our annual Misericordia Mission Day on January 27, teams rolled treats to all areas of Misericordia to remind us of the Mission of the [Misericordia Sisters](#) and celebrate the incredible work our staff do to further our Mission.

The day is the birthday of Mother Rosalie Cadron, the Founder of the Misericordia Sisters, and a time to consider how we perform our tasks in the spirit of *compassion of the heart for those in need*.

MHC President & CEO Caroline DeKeyser took part in delivering cheer and treats around MHC. She said the day is traditionally a time to reflect on and share stories about our Mission Moments, but her message to staff this year was to also apply some of the mission of compassion to themselves.

“This time I wanted it to be a sharing and supportive message as well, to say ‘we can use our Mission as a way to strengthen ourselves for the future.’”

Yours sincerely,
