

# FAMILY UPDATE

February 2, 2022

## COVID-19 updates

### MP2

A positive case of COVID-19 was identified on MP2 on February 1. This is not considered an outbreak, though we are suspending hairdresser and nun's suite visits for the time being. Fully vaccinated designated family caregiver visits are not affected.

### MP3

All cases in MP3 are now fully recovered, and if things continue as they are the outbreak will be declared over on February 7. As of now, MP3 caregivers are no longer required to book visit appointments.

As always, we will continue to monitor all residents for symptoms and take all the steps we can to keep everyone safe.

Thank you for your cooperation, and if you have any questions do not hesitate to contact me.

Yours sincerely,
