

# Happy New Year!

We said goodbye to 2023 with a number of wonderful events, including Christmas lunches, Christmas services, a visit from Balmoral Hall students, music and decorations!

I would like to thank everyone for their involvement and give a special shout out to Jennifer Klos, Spiritual Health and Therapeutic Recreation Services manager, and her staff who did most of the planning.

## More support

We were happy to add to our Allied Health funding in December, which is in addition to increases for nursing and health-care aides we received this fall. This new funding means we can increase our rehabilitation and dietitian services.

## Recent COVID-19 outbreaks coming to an end

We were hit with virus beginning in the New Year, but as of today the MP2 COVID-19 outbreak has been declared over. MP3 will soon follow, and MP1 has one outstanding swab and two recovered residents. Visitation has returned to normal, with group activities and hairdresser visits resuming next week.

Yours sincerely,

*Hayden*
