

FAMILY UPDATE

January 17, 2022

Hello everyone,

I'm sorry to report on Saturday we had an MP3 resident test result come back COVID positive. We had one other swab returned negative yesterday. The symptomatic residents are doing fine and we are monitoring all residents carefully. No other residents have symptoms.

While disappointing to have a positive case, we are prepared for a variety of scenarios in the coming weeks. I'm so grateful, with very few exceptions, our residents and staff are all triple vaccinated!

As always, if you have questions about your loved one, please call the units:

MP1: 204-788-8431 MP2: 204-788-8432 MP3: 204-788-8433

All general visits to Misericordia Place remain suspended. Designated family caregiver visits to MP3 have been temporarily suspended with the hope to resume later this week.

If you have any questions for me, please do call or email.

Yours sincerely,

A handwritten signature in cursive script that reads "Jennifer Taylor".
