MP3 open to designated caregivers again

We are pleased to report that the resident who tested positive for COVID-19 on MP3 is doing well.

There have been no other cases on MP3 or any other area of Misericordia Place, and we are now welcoming designated family caregivers back to MP3. We will continue to monitor all residents for symptoms and take all necessary steps to keep residents and staff safe.

Enjoying the snow

Seemingly endless snowfall does not faze the enthusiasm of this Misericordia Health Centre Foundation angel. Two of these angels helped light up the morning and shepherd Angel Squad volunteers along Sherbrook Street last November 30. They are spending winter in our courtyard, ready to herald the arrival of spring...soon, we hope!

Yours sincerely,
