

FAMILY UPDATE

June 22, 2022

Designated caregivers

We are happy to have decided that designated caregivers can once again accompany residents to chapel and to recreation activities. PPE and physical distancing with residents is required, and room capacities will be in place with residents getting first priority.

Ice cream, beer and golf

This Friday is National Food Truck Day, and we are screaming with excitement over Sargent Sundae donating ice cream for residents, to be served at 1 p.m.!

Also, this Friday marks the start of our “pints and putting” afternoons, beginning at 2 p.m. in the courtyard (weather permitting) for male residents each Friday of the summer. Brazen Hall Kitchen & Brewery is supplying beer at half price, and our recreation team will have a nine-hole putting course ready to go!

Manitoba invests in PCHs

The recent announcement by the province of increased funding for staffing and training at personal care homes is good news. The new funding is expected to arrive incrementally over the next several years.

Although we are short on details at this time, we hope this will mean more health-care aides and nurses at MP, as well as funding for Allied Health Professionals that support misericordia.mb.ca

The mystery has been solved—it's Sargent Sundae!

residents' holistic health such as occupational therapists, physical therapists, rehabilitation professionals, speech language therapists and dietitians.

Funding will also be directed to infection control practitioners, which COVID-19 has certainly shown us the value of.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Taylor".
