

MISERICORDIA'S HELPFUL COMMUNITY

MEET LINDSAY!

Lindsay Grieve says she's always considered herself a planner, which makes her a perfect fit for her job!

Lindsay is the Event and Special Initiatives Coordinator at the Misericordia Foundation at MHC.

"I love planning whether it's professionally or personally, it's something I have always had a skill for, and something I really enjoy doing," Grieve said.

While an important part of the job is meeting with donors and planning events, she says the best part is hearing stories about their experiences at MHC.

"We get a lot of donations from people, I love hearing the stories about the care they received and how fantastic our staff is, I'm very proud of that."

Lindsay has been in her role for just over a year but says it doesn't always feel like work.

"Everyone is amazing, I think anyone that works here will tell you that."
