## Misericordia Place Life Advice Line

Need life advice from the voice of experience? Help is just a phone call away: 204-788-8060

Misericordia Place personal care residents are often asked to share their wisdom with younger generations. Today they are making it easy to share their knowledge with everyone: they're launching a hotline!

Simply call 204-788-8060 and choose the option you need the most! Advice on dating and falling in love? We've got you covered. Advice on surviving Winnipeg winters? That too. How to best follow your dreams? We can help with that. Our personal favourite: "Advice from a 97-year-old." And so much more!
