

Cornish 6: Transitional Care Unit (TCU)

Welcome to Cornish 6!

Transitional Care provides restorative care, serving clients who require complex social and medical support for a limited period of time before transitioning home with community services or to a personal care home, supportive housing or elsewhere such as Hospice.

Please refer to our [Misericordia Health Centre directory](#) for everything you need to know about MHC and our Transitional Care Units.

COVID-19 Update

Given the evolving COVID-19 situation, limited visitors are permitted on-site at this time. Each TCU client is welcome to designate two visitors to individually come visit. Case-by-case exceptions exist for end-of-life care. We appreciate your understanding as we take every measure to protect our clients, residents, staff and each other.

Phone Numbers:

Please feel free to call any of our staff below if you have questions:
