

January 20, 2021

Hello everyone,

COVID-19 Vaccination Update

Thank you to everyone for giving consent on such a quick turnaround.

Earlier than expected, a team of MP nurses, with oversight from public health, will be administering the first dose of the vaccine to eligible/consenting residents next week on **Monday, January 25**. Nurses who will be administering the vaccine have all received a micro-credential from Red River College.

If you have any questions, please contact your loved one's resident care manager:

MP 1 & 3 - 204-788-8453 Gayle Dyck

MP 2 - 204-788-8452 Tara Keyser

Personal Protective Equipment (PPE) Update

There have been significant updates to PPE requirements across the province. This change has impacted the PPE required for Designated Family Caregivers. It will only affect the type of eye protection provided, and as always, staff will assist with putting on and removing the required PPE.

PPE requirements will continue to change – to keep us all safe – as the coronavirus also continues to change and new scientific evidence is available.

Care After COVID-19: Info for Families and Caregivers

WRHA has created a resource for those who've had a loved one in long-term care recover from COVID-19. Learn what "COVID-recovered" entails, what residents may experience and how the PCH team will assist post-recovery.

Visit the following link to read more: misericordia.mb.ca/files/Post-covid-english.pdf

We are working carefully on COVID-recovery strategies, including a walking program and encouraging fluids several times a day.

Safely Restoring Services and Activities in Manitoba: Take the Survey

The current public health orders have been in place for more than two months, in order to flatten the curve and reduce the spread of COVID-19. The Manitoba government is seeking feedback on restoring services and activities as they consider reducing some restrictions. Share your opinion by taking the survey at engagemb.ca/restartmb-pandemic-response-system

If you have feedback or questions, please reach out.

Yours sincerely,

Jennifer Taylor, Director, Long-Term Care
