

# FAMILY UPDATE

April 13, 2021

Hello everyone,

Seems like I was just saying “spring has sprung,” but unfortunately winter has decided to pay us another visit. Despite the drop in temperature, we are moving ahead with cleaning up the gardens and preparing for planting as well as exploring options for outdoor furniture.

With warmer, sunnier days on the horizon, a reminder that visitors who wish to have an outdoor visit their loved one must call in advance to book an appointment.

**To arrange a visit, please call MP reception, Monday to Friday, 8 a.m. to 3:30 p.m. at 204-788-8440.**

## Staffing changes

### Good-bye Gayle

Gayle Dyck, Resident Care Manager (RCM), MP 1 & 3, is leaving MP as of April 23, 2021. Gayle has contributed to many areas at MHC as both a nurse and a RCM. Gayle has made strong relationships with colleagues and MHC staff due to her outgoing, fun and warm approach. Residents and families will miss her involvement with them. We wish you well in your next adventure Gayle!

### Welcome Sarah!

I am pleased to announce that Sarah Enzberger is the new RCM for MP 1 & 3. Sarah is a familiar face around Misericordia – she previously filled a CRN role at PRIME and was brought over to take a lead role during our outbreaks. Most recently, Sarah brings experience as the RCM on the C6 Transitional Care Unit. We look forward to having Sarah as a permanent member of the extended MP team.

## Therapeutic Recreation Award of Excellence

Congratulations to Jenn Klos, manager of recreation at MHC, on receiving Recreation Manitoba's 2021 Therapeutic Recreation Award of Excellence. After graduating with a Bachelor's degree in Recreation Management and Community Development in 2015, Jenn was hired at St. Boniface Hospital as a Recreation Therapist, working in geriatric rehabilitation and mental health.

Jenn joined the MHC family in June 2020 and has been an incredible asset to the team, demonstrating her ability to lead during challenging times. Collaboratively the MHC recreation team has evolved and adapted programming based on public health directives, ensuring residents engage in meaningful leisure and physical activity to help with all aspects of their wellbeing.

Yours sincerely,

A handwritten signature in cursive script that reads "Taylor".
